The year in review

2023 brought exponential growth and change to our organization.

A record number of referrals (51) were received this year! Our curriculum has been updated. The Justice Center is finished and used as our office space, for partner meetings, and one-on-one sessions with clients. We are so grateful to Purpose Church for their generosity in gifting us this space.

We have firmly established ourselves as a non-profit organization.

We have developed partnerships with many organizations throughout Southern California and the U.S.

Clients are taking important steps in their journeys including securing stable housing, finding employment, enrolling in education programs, and being reunited with their children.

We are humbled by the trust our clients put in us and honored to support them.

"The Every ONE Free facilitators are some of the best ladies I have ever met in my life... I learned a lot from each class and each person, and I will remember this experience forever. I can't thank them enough and I'm happy that there is a program out there such as this. I felt valued, I felt heard, I felt helped."

Evelyn, 2023 Graduate*

"When I first began the Everyone Free program, I was in complete denial of what was going on. I would look in the mirror and not recognize myself...Slowly, it became easier to trust and open up to everyone. The anger began to fade and the program taught me to replace it with positive feelings and intentional actions. I finally began to feel hopeful."
